You can access your online account any time you like and if you choose to use our service in subsequent tax years, you can still access the same account.

Where I can enter my university access code (discount code)?

Simply enter the code on the Sprintax ‘Review Your Order’ page to get your discount. You must have a different access code for each tax year and each code can only be used once. You may be able to get another discount code from your educational institution.
